Datasheet

PAS-CLS60W | Outdoor IP55 Column Speaker With Woofer & Tweeter

Key features

- Outstanding voice and music reproduction with clear sound quality
- Durable aluminum alloy housing, waterproof and corrosion-resistant
- Simple bracket installation with adjustable tilt angle
- Multiple power settings on 100V line for flexible use (30W or 60W)
- Suitable for diverse environments including conference rooms and outdoor spaces
- Compliant with CE and IP55 standards ensuring reliability and safety

Product Overview

The PAS-CLS60W is a high-performance Outdoor IP55 Column Speaker With Woofer & Tweeter 100v@30,60W designed to deliver clear voice and music reproduction with a peak power of 90W. Constructed from a corrosion-resistant aluminum alloy and rated IP55, it is built to withstand outdoor conditions.

This speaker features a 3 x 5" woofer and a 1" tweeter, covering a frequency range from 80Hz to 18KHz, and provides multiple power options (30W or 60W) on a 100V line. Its bracket mounting system allows for easy installation and adjustable tilt positioning. Ideal for use in conference rooms, supermarkets, campuses, and outdoor venues, the PAS-CLS60W complies with CE standards for quality assurance.

Technical Specification

Feature	Details
Speaker Type	Outdoor IP55 Column Speaker With Woofer & Tweeter 100v@30,60W
Peak Power	90W
Power Options (100V Line)	30W / 60W
Rated Resistance	333Ω (30W) / 167Ω (60W)
Sensitivity (1m/1W)	94dB
Frequency Range	80Hz - 18KHz
Speaker Units	5" woofers*3 + 1" tweeter*1
Installation Method	Bracket mounting
Connection Type	Cable
Construction Material	Aluminum alloy
Dimensions (mm)	590 x 170 x 148 mm
Net Weight	5.84Kg
Operating Temperature Range	-25°C to 55°C
Storage Temperature Range	-40°C to 70°C
Maximum Relative Humidity	≤95%
Protection Rating	IP55
Certifications	CE, RoHS compliance
