Product Overview

The Macsys All Weather Wall Mounted IP66 Outdoor Box Speaker Pair 8Ω@60W | 100v@10,20,40W are designed for indoor and outdoor use with an IP66 waterproof rating, ensuring reliable performance in extreme weather conditions. They feature a two-way system combining weatherproof woofers (available in 6.5") with silk tweeters for balanced audio quality.

The speakers provide versatile power options including 70V/100V with multiple power taps or 8 Ohm low impedance configuration. A durable polypropylene enclosure and a 360-degree rotatable aluminum mounting bracket allow flexible installation and robustness. Available in black or white, these speakers deliver sound pressure levels ranging from 112dB at 1 meter, suitable for music and speech applications.
