Datasheet

PAS-BS06W | 3/6W Moisture Proof Box Speaker

Key features

- Moisture proof wall-mounted speaker
- Compact, lightweight ABS enclosure
- Integrated 6W transformer
- Wide 180×180 degree dispersion angle
- Frequency response: 150Hz–15kHz
- White finish with 5" full-range driver

Product Overview

The Macsys PAS-BS06W is a 5-inch, 6W full-range wall speaker specifically designed for moisture-prone environments such as bathrooms, saunas, swimming pools, and marine areas. Its fully ABS plastic construction, ensures rust-free durability, making it ideal for long-term use in high-humidity conditions. The full-range driver delivers clear and balanced sound, making it perfect for public address systems and background music applications. With a 6W power output, it provides efficient sound coverage for small to medium-sized spaces. Its wide frequency response ensures excellent vocal clarity and enhanced audio performance. The lightweight, moisture-resistant ABS housing allows for easy wall mounting, ensuring a hassle-free installation in both commercial and residential settings. Whether used in hotels, spas, poolsides, or marine installations, the Macsys PAS-BS06W offers high-quality audio with long-lasting moisture protection, making it a reliable solution for challenging environments. Let me know if you need detailed specifications or further assistance!

Technical Specification

Feature	Details
Speaker Type	Moisture-Proof Public Address Wall Speaker
Driver Size	5" Full-Range (1x)
Power at 100V	3W / 6W
Power at 70V	1.5W / 3W
Impedance	8Ω
Frequency Response	150Hz – 15kHz
SPL (1W/1M)	91dB
Max SPL @ 1M	98dB
Dispersion Angle	180° x 180°
Enclosure Material	ABS (Metal-Free, Rust-Proof)
Installation	Wall-Mounted
Product Size	175 x 220 x 100mm
Weight	0.8Kg
Finish	White
Application Areas	Bathrooms, Saunas, Pools, Marine, Public Address
Certification	CE, RoHS Compliance
